C2 - Brass Finish	Standard

Options, thickness of glass or wood doors and the gap between them, must be specified with each order

Bespoke Development

- The CAB 17PSH was designed and developed for Argos Distributors Limited as a result of losses from glass display cabinets.

KEYS

Bramah Cabinet Keys

The standard Bramah cabinet keys are polished stainless, ringbow or coinbow, with a 37mm (1 1/2") shank length.

Longer keys can be supplied as standard up to a shank length of 230mm (9") and special length keys are also available to order.

OTHER INFORMATION

Replacement Keys

All registration cards are maintained in 31 Oldbury Place, London W1M 3AP by Bramah Security Centres Ltd. They have the responsibility to turn all correctly authorised keys around within 48 hours. All additional key orders should be sent addressed to the key department. Enquiries as to procedure should be placed on 020 7935 7147.

Old Bramah Locks

All old Bramah locks are serviced by Bramah Security Centres Ltd and where possible repaired, opened and new keys cut. This is a specialised service using historic and occasionally temperamental equipment. We will always quote for work in this area but it does take time. In addition new locks when essential can be made to a pattern. At all times please dispatch goods to us under insured post. Enquiries as to procedure should be placed on 020 7935 7147.
